

Remarks

Claims 1-27 are pending in the instant application. Applicants have amended claims 1-25 to more fully conform with U.S. practice and to delete multiple dependencies. Applicants have cancelled claims 26-27, without prejudice.

The specification has been amended to insert a cross reference to the related priority applications. Applicants request that the attached abstract be added to the specification on a separate sheet as required.

Applicants respectfully assert that all amendments are fairly based on the specification, and respectfully request their entry.

Respectfully submitted,

Stephen G. Ryan (39,015)
